ITEM 8.01 Other Events.

On October 13, 2009, we announced that we have released our modules for United States and Canada markets with the incoming voltage power supply range 100V - 160V AC 60Hz.

Mr. Schulte stated; " Whatever the application, voltage optimisation/reduction has the overall effect of decreasing energy consumption, This practice, commonly known as conservation voltage regulation (CVR), shows substantial energy savings potential. We are marketing country by country and this module range provides us a global coverage."
